## Official No Show and Cancellation Policy for in Office and Online Appointments:

In order to confirm the appointment, we'll need to place your credit card number on file. You will not be charged until the time of your appointment.

Life happens and sometimes you must cancel your appointment. When you're unable to make your scheduled appointment, please give us a head's up. Call our office at least 24 hours before your scheduled appointment to cancel. This will give us time to rearrange our office schedule. If you fail to cancel 24 hours in advance, you will be charged the full fee of your session. Thank you for understanding.
